

All Rubber Flanged Bearings

Exalto UK manufacture and stock all-rubber flanged prop shaft bearings. These come without an outer 'hard' shell and are commonly used in French boats such as Jeanneau and Beneteau which have a different bearing assembly procedure.

Each is supplied with 2 non-metallic screws to secure the bearing in place.

Need one quickly? We have an extensive stock of the below sizes

Need a different size? We'll manufacture it for you, just let us know what you need

Bearing Code	AØ	BØ	C	DØ	E
MRSFF22X29X75	22mm	29mm	75mm	39mm	5mm
MRSFF22X36X75	22mm	36mm	75mm	46mm	5mm
MRSFF25X34X55	25mm	34mm	55mm	46mm	5mm
MRSFF25X36X100	25mm	36mm	100mm	46mm	5mm
MRSFF25X40X120	25mm	40mm	120mm	50mm	5mm
MRSFF30X40X120	30mm	40mm	120mm	50mm	5mm
MRSFF35X54X140	35mm	54mm	140mm	66mm	5mm
MRSFF40X50.8X120	40mm	50.8mm	120mm	59mm	5mm
MRSFF40X54X140	40mm	54mm	140mm	66mm	5mm
